Dect 6.0 (1.9 Ghz) Cordless Telephone

Interference FREE Communication

The Dect 6012 cordless telephone, offers "interference FREE communication", and provides users clear reception in areas where there are multiple cordless telephones using various frequency bands (i.e., 900MHz, 2.4Ghz, 5.8Ghz, etc.). The Dect 6012 provides Caller ID with call waiting with 100 Caller ID Memories. Some of the convenient and time - saving features in the DECT 6012 are selectable ring melodies (up to 20), programmable alarm times and a programmable answer. The programmable answer allows users to set your telephone for direct pick-up (answer) of handset or push button access to answer.

Features:

- DECT 6.0 (1.9GHz) Technology
- Interference Free Communication
- Multiple Base up to 2 Units
- Caller ID with Call Waiting
- Backlit Liquid Crystal Display
- 100 Caller ID Memory
- Call Back from Caller ID Memory
- Paging from base unit to handset
- Selectable 20 ring melodies
- 7 level adjustable ringer volume
- 6 level adjustable handset volume
- 6 level adjustable speaker volume
- Review and redial for last 20 numbers dialed
- 100 Phonebook entries, 16 characters for each name
- 24 digits for each number
- Adjustable flash time (100/300/600ms)
- 2 programmable alarm times
- On-hook pre-dial and dialed number editing
- Call Timer
- Programmable answer (direct pick-up of handset or push button to answer)
- Out of range warning tone
- Battery capacity indication and low battery warning tone
- Tone/Pulse
- Multiple Language; English/Spanish/French
- 8 hours talk time
- Desk/wall mountable
